## Rock Cycle

Word bank: Metamorphic rock, Sedimentary rock, Intrusive Igneous rock, and Extrusive Igneous rock

| Rock Type | Characteristics | Importance |
|-----------|-----------------|------------|
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |
|           |                 |            |

Weathering & Erosion

|                     | Description & Examples | Problems |
|---------------------|------------------------|----------|
| Physical Weathering |                        |          |
|                     |                        |          |
|                     |                        |          |
|                     |                        |          |
|                     |                        |          |
| Chemical Weathering |                        |          |
|                     |                        |          |
|                     |                        |          |
|                     |                        |          |
| Erosion             |                        |          |
| LIOSIOII            |                        |          |
|                     |                        |          |
|                     |                        |          |
|                     |                        |          |

## Soil

| Factors determining Properties of Soil  | Description | Examples |
|---|-------------|----------|
| 110000000000000000000000000000000000000 |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
|   |             |          |
